DSA Acquires Houston Dataflow

Glendale, AZ – February 1, 2008 – DSA, a leading provider of software systems and services for the Distribution market, is pleased to announced it's acquisition of Houston Dataflow, of Houston, TX. Founded in 1967, DSA has a strong record of providing technology solutions to small and medium companies and is a leading Infor Distribution Channel Partner, representing its FACTS, SX.enterprise and TakeStock solutions. Houston Dataflow is an Infor partner as well.

“The Dataflow acquisition continues our efforts to expand our markets to new customers and increases our capacity to service existing customers”, said Bob Lindeberg, President of DSA.

Through a series of acquisitions since 2003, DSA has expanded beyond Arizona into Orange County and Santa Rosa, California, and Cincinnati, OH. The Dataflow acquisition continues the DSA growth eastward into Texas and Louisiana.

The combined company will employ 30 people and provide information technology services to nearly 300 companies nationwide. DSA's existing office in Glenale, Arizona will serve as company headquarters while the Houston office will continue to operate as a full-service branch facility supporting our Texas and Louisiana customers.
