

## DSA Acquires The Software House

**Phoenix – December 20, 2005** – DSA, a leading provider of software and services for the distribution market, is pleased to announce its acquisition of The Software House, of Cincinnati, OH. Founded in 1967, DSA has a strong record of providing technology solutions to small and medium companies and is a leading Infor Distribution Partner, representing its FACTS, TakeStock and SX.enterprise solutions. The Software House is an Infor partner as well.

“The Software House acquisition continues our efforts to expand our markets to new customers and increases our capacity to service existing customers”, said Bob Lindeberg, President of DSA.

Through the acquisition of Case Software of Orange County, CA in 2003, and the Infor division of KLH & Associates of Santa Rosa, CA in 2004, DSA first expanded into California. This acquisition continues the DSA growth eastward.

The combined company will employ over 20 and provide information technology services to nearly 200 companies nationwide. DSA's existing office in Phoenix, Arizona will serve as company headquarters while the Cincinnati office will continue to operate as a full-service branch facility.
